- Time Management
- Workplace Organisation
- Quality Control
- Materials Handling
- Communication
- Positive Attitude
- Teamwork
- Adaptability
- Environmental Compliance
- Attention to Detail

Kieran - Klarius

Kieran joined the Lean Manufacturing Operative apprenticeship course at Klarius and started to develop his skills and knowledge quickly. Kieran was particularly interested in learning about Continuous Improvement Processes and enjoyed being part of these processes at Klarius.

Because of his interest in Continuous Improvement Kieran chose the Quality Assurance role for the apprenticeship and is now a key part of Klarius quality improvement team.
