

If you're looking to progress in your career here are some areas to explore with your employer or apprentice trainer

### Further Training

- Team Leader apprenticeship
- Facilities Management apprenticeships
- Industry-related Professional Qualifications e.g. CILT, UKWA, FLT Operator, IOSH
- Cross-industry training e.g. First Aid, Fire Marshal, Mental Health Support

### Potential Roles

Team Leader, Warehouse Supervisor, Stock Controller, Logistics Coordinator, Transport Planner, Operations Assistant, Trainer/Instructor, Warehouse Manager

### Skills you have gained

- Warehouse Operations
- Problem Solving
- Safety Awareness
- Time Management
- Stock Control
- Sustainability
- Customer Service
- Materials Handling
- Communication
- Positive Attitude
- Teamwork
- Adaptability
- Respect
- IT Skills

### Career progression

As the demand for sustainable supply chains continues to grow, the sustainability knowledge and skills from the apprenticeship will become increasingly valuable. This could open up new career opportunities for warehouse operatives to help businesses achieve Net Zero Carbon targets.

The combination of good communication, problem solving and teamwork skills are often the key skills employers are looking for in a team leader which offers another way to progress in logistics.
